UHN Internships 2025 Latest Job Opening

Description

UHN offers internship positions designed to provide students with valuable hands-on experience and exposure to various aspects of healthcare management, research, and clinical practice. As an intern at UHN, you will have the opportunity to work alongside leading healthcare professionals, researchers, and administrators, contributing to meaningful projects and initiatives that impact patient care and organizational excellence.

Responsibilities

- **Project Support:** Assist in the planning, execution, and evaluation of projects across different departments within UHN.
- **Data Analysis:** Collect, analyze, and interpret data to support decision-making processes and project outcomes.
- **Research Assistance:** Contribute to ongoing research activities by conducting literature reviews, data collection, and analysis under the guidance of experienced researchers.
- **Administrative Support:** Provide administrative assistance such as scheduling meetings, preparing reports, and maintaining project documentation.
- **Collaboration:** Collaborate with multidisciplinary teams to achieve project objectives and enhance organizational effectiveness.
- **Professional Development:** Attend training sessions, workshops, and educational seminars to enhance your skills and knowledge in healthcare management and research.

Qualifications

- Currently enrolled in a relevant undergraduate or graduate program (e.g., Healthcare Administration, Public Health, Life Sciences, etc.).
- Strong analytical and problem-solving skills with the ability to work with data and interpret findings.
- Excellent communication and interpersonal skills, with the ability to work effectively in a team environment.
- Proficiency in Microsoft Office applications (Word, Excel, PowerPoint, etc.).
- Demonstrated interest in healthcare, research, and/or healthcare management.

Job Benefits

- **Professional Development Opportunities:** Gain valuable hands-on experience and access to professional development resources, including workshops, training sessions, and educational seminars, to enhance your skills and knowledge in healthcare management, research, and clinical practice.
- **Networking:** Connect with leading healthcare professionals, researchers, and administrators within University Health Network and build meaningful relationships that can support your career advancement in the healthcare
